

Greenskeeper Pride Mixture

Perfect for Traffic Areas and Sports Fields

Greenskeeper Pride Mixture is a high-quality blend designed for residential lawns, traffic areas, and sports fields where appearance and durability matter. It offers strong disease resistance, excellent wear tolerance, and reliable performance under both heavy use and low light conditions.

Engineered for winter hardiness and consistent color, this mixture delivers a dense, attractive turf that holds up through the seasons. With its rich color and lasting resilience, Greenskeeper Pride Mixture is an ideal choice for areas that demand both beauty and performance.

Seeding Rate: 5 to 6 pounds per 1,000 square feet

Greenskeeper Pride Mixture Composition

40%	Creeping Red Fescue
30%	Improved Annual Rye
20%	Improved Chewings Fescue
10%	Kentucky Bluegrass 98/85

Please note that varieties may vary depending on availability and newer varieties that come on the market.
