

Greenskeeper Valu Plus Mixture

New Construction, Utility Work, All Purpose Contractors Mix

Greenskeeper Valu Plus Mixture is ideal for new construction, utility areas, and general turf applications. Designed for rapid establishment, it uses ryegrass to deliver quick coverage while providing solid disease resistance and winter hardiness.

This mixture performs well under both high and low maintenance conditions, making it a practical choice for contractors and large-scale projects. With consistent color and reliable performance, Greenskeeper Valu Plus Mixture is well suited for general-use turf areas where efficiency and value matter most.

Seeding Rate: 5 to 6 pounds per 1,000 square feet

Greenskeeper Valu Plus Mixture Composition

30%	Improved Annual Ryegrass
30%	Improved Perennial Ryegrass
20%	Kentucky Bluegrass
20%	Creeping Red Fescue

Please note that varieties may vary depending on availability and newer varieties that come on the market.
